

Command Financial and SmartRoom Announce New Partnership

LOS ANGELES and NEW YORK, June 22, 2021 /PRNewswire/ -- Command Financial, a leader in document lifecycle management solutions for public corporations and investment companies, today announced a new strategic partnership with SmartRoom, the leading global virtual data room and project management provider. This partnership enhances Command Financial's offerings by providing secure file-sharing and project management solutions to their clients and is another example of how Command Financial is delivering fully-integrated, technology-based solutions to the financial industry.

SmartRoom's next-generation virtual data room delivers greater efficiency and bank-grade security for file sharing and collaboration during IPOs and other strategic transactions. SmartRoom has hosted due diligence for over 10,000 transactions totaling \$1 trillion in value for Fortune 500 companies and the world's leading financial institutions. From detailed reporting on what potential investors are looking at, to restricted viewing, printing, and saving capabilities on sensitive documents, SmartRoom gives companies the tools needed to ensure the IPO process is managed efficiently and securely.

"Our goal is to redefine financial printing by providing our clients personalized service along with best-of-breed technology solutions for all their content management needs," said John Ammirati, Vice President of Marketing. "As the leading virtual data room provider, SmartRoom will help our clients with their IPO due diligence and enable them to successfully close deals faster."

"Command Financial has distinguished itself as a trusted expert in document lifecycle management and financial printing solutions" said Jeff Kalina, EVP of SmartRoom. "We are proud to partner with them to provide their clients the fastest, most secure, and user-friendly virtual data room for their strategic events."
